

AP Exam Voucher Application

The cost this year for AP Exams are \$94 per test if you do not qualify for the reduced fee. Guidance is aware that this is more expensive than in years past and we do not want students to opt out of taking a test solely due to the cost. We have developed an AP Exam Voucher that these students are able to obtain if they meet the eligibility requirements listed below. You are able to apply for up to 3 AP Exam Vouchers. The amount of the AP Exam Voucher will be determined at a later time because it depends on the number of applications we receive and the amount of money we are able to fundraise.
